

A photograph showing several stacks of light-colored wood panels, likely plywood or veneer, arranged in a way that shows their thickness and grain.

# COMPANY

DE Design is a trusted brand of superior crafted furniture and lockers for schools, senior living, sports clubs and institutions. With its roots in D&E Wood Industries, DE Design Corp is building on 50 years of expertise. Craftsmanship and durability are coupled with innovative styles and materials to meet the needs of customers across North America. Our wide range of standard and custom-designed products ensures that you will always find the right solution with DE Design.

Having began manufacturing office furniture in 1972, the concept was to fully integrate affordability and functionality into the construction of quality products. Understanding that every situation is unique, the definition of functionality was always determined by the client. Our approach was and is for Client-focused Solutions.

Outstanding workmanship, tailored functionality and dedication to quality are the trademarks of DE products. These attributes have facilitated the growth of our client base. In response to demand, DE expanded into the additional market segments of; Club furniture, Student Residences, and Senior Living.

Our location close to the border of Canada and the United States offers the opportunity to source components and materials from regional resources. Embracing the principles of LEED, DE focuses on sourcing within the prescribed 500 mile radius. The desire to support the North American economy and effectively manage costs builds on our founding principle of offering affordability and responsibility. From this central location, DE easily receives components and moves finished product throughout these two countries minimizing our carbon emissions.

Through continuous evolution DE has achieved GreenGuard certification for all of our standard products. Founded by an engineer, the policy of constant improvement is at the core of what we do. We will continue to assess ways to reduce our environmental foot-print. Our Environmental Report outlines the initiatives we have taken and provides an up-to-date picture of our current practices.

What makes our solutions so different is our unwavering attention to detail and craftsmanship. From the layout and design to fabrication, our skilled staff is vigilant in every aspect, working together with our clients to a quality products. Our furniture solutions infuse style with function never losing sight of the comfort or productivity required in each environment.

We stand as a leader in design and producers of manufactured solutions that offer value and, most importantly, client-focused solutions. We look to you, our valued customer, as our partner. We listen to your requirements and together create solutions that are right for your needs.
